

That Little Hacking Cough

Hard coughs are bad enough, to be sure. But it's often the little, hacking, tickling, persistent cough that means the most, especially when there is a history of weak lungs in the family. What should be done? Ask your doctor. He knows. Ask him about the formula on the label of every bottle of Ayer's Cherry Pectoral. Ask him if this medicine has his full approval for throat and lung troubles. Then do as he says.

TIP FOR A. A. U.

This is how Kauai feels about the next A. A. U. meet, which will take place here in February:

"Much interest has been taken in a recently published letter by K. C. Hopper, for Kauai athletes to participate in the track and field meet which will be held in Honolulu next February."

"By getting an early start, Kauai will have a better show in the field than her best material, and will thus be enabled to capture all the prizes of any consequence which may be put up. Kauai goes into win, and like everything else she undertakes, she'll win, too."

ARMY PREPARING FOR WAR GAME

General Macomb and Strategy Board Visit Schofield Barracks to Obtain Data.

SCHOFIELD BARRACKS, August 22.—Going over the ground at this place and the surrounding country to obtain data to be used in laying out the war game that will be worked out in the coming fall maneuvers, Brigadier-General Macomb, commanding the department of Hawaii, and his strategy board visited the post today.

This war game will probably be "played" during October and the scene is expected to be the country between Wainuku and Waipahu.

The construction of the new permanent post is proceeding rapidly and new buildings are going up in all quarters of the barracks. The machine gun platoon of the Second Infantry is receiving an addition to their quarters, the new building designed on plans similar to the regular company barracks of the regiment. A mess hall is also being built for the men.

The auto repair shop being erected by the First Infantry exchange is nearing completion and several private residences have recently been completed in the First Infantry lines.
